Subject: Lower Ley Creek

Hi Pam,

Thanks for talking over a few Lower Ley Creek items earlier. We are continuing to look at the potential for additional data needs and may have some additional sampling to discuss with you. In addition, the PRP group continues to consider sampling in the small corridor between the RR ballast and the creek. However, they want to have a chance to review the Upper Ley Creek information that you and I discussed – is there any update on receipt of that information?

Please let me know.

Todd
